## INHABITANTS ARE DESERTING HARBIN

### Women and Children Flee Before Arrival of Armies.

JAPANESE TO BORROW $150,000,000

**Russian Military Experts Are Unable to Understand Tactics of Japs—Another Great Battle Is Expected Soon Other News About the War.**

Gunshu Pass, Manchuria, March 25—The women and children are reported to be leaving Harbin and the business houses are closing. The stationary hospitals are being moved back and the entire railroad east and south of Tsitsihar is being prepared for the next state of the war.

The conviction exists that General Kuroki is now directing toward the northeast for the investment of Vladivostok changing his base for that purpose to Gensan.

While the Manchurian railway is employed to supply the main army in its advance on Harbin, the Japanese seem still partial to the plan of keeping close to their sea bases and instead of following the Russians some of the military experts are of the opinion that the Japanese may relieve the pressure upon General Linevitch and thus induce him to concentrate in the region between Santoupou and Tie Pass for another battle. But throughout the campaign all the prognostications of experts regarding the plans of the Japanese failed the aspirations of the Japanese consist entirely fattening on the victories achieved.

The rank and file of the Russian army show peculiar adaptatbility to conform with the new constitutions and accommodate themselves to the wishes and intentions of the commander in chief and the government.

**Japanese Loan Easily Floated.**

London, March 25.—The final details of the Japanese loan were concluded here today with the exception of the exact date of issue. This has not yet been decided, but it will not be delayed. The amount is $150,000,000 with interest at 4½ per cent. The price of issue is 90, and the security will be the next receipts of the tobacco monopoly of Japan amounting to $16,000,000 according to the budget for the next fiscal year. The loan will be issued simultaneously in New York and London, each of these cities taking $75,000,000.

The American issuing banks are Kuehn, Loeb & Co., and others participating in the previous loan while the British half of the loan is handled by the group of banks which was responsible for the earlier flotations. The loan is redeemable after five years. Some subscription is expected in Holland and Switzerland. It is said here that although German banks exhausted every effort to secure participation in the loan they have rigorously excluded as the Japanese found no difficulty in finding the amount required in New York and London.

Korretyo Katashi, special Japanese financial commissioner, informed the Associated Press today that the $150,000,000 would suffice for Japanese requirements for a year or a year and a half, at the expiration of which time the war would be over. Three New York banks are concerned, Kuhn & Co., the National City and the National Bank of Commerce. M. Hayashi confirms the statement that the German banks had been given no share in the loan and he also was of the opinion that despite the hitch in the negotiations Russia would very shortly obtain another loan in France.

The Japanese loan is expected to be issued next week.

**Newspapers Advocating Peace.**

St. Petersburg, March 24.—2:30 p.m. The papers are supporting the campaign for peace and are beginning to print openly this history of the tragedies in the Far East. The publications include a secret memorandum of General Kuropatkin in pointing out that war will be inevitable if Russian interests were extended into Korea. The necessity for increased taxation to meet the expenses of the war is recognized and the minister of finance has submitted projects to the council of the emipre building the taxes on beer, matches, etc., and a graduated tax on the salaries of government officials beginning with 1 per cent on salaries of over $300 which altogether will realize about $11,000,000. There is also a proposition for a general income tax which undoubtedly would prove the most popular form of raising money as it would bear heaviest on those able to pay.

Mr. McCormick (the retiring American ambassador to Russia) has received urgent instructions from Washington to proceed to Paris at the earliest possible moment.

**Russian Warships at Port Said.**

Port Said, March 25.—Admiral Nebogateff's division of the Russian second Pacific squadron consisting of a battleship, four cruisers and four transports are heavily laden with stores. The division which is said to be bound for Jibutil, French Somaliland, Vladivostok, will probably proceed today.

### CHAMPION OF "MIDNIGHT OIL."

**University Professor Claims Students Should Study Mostly at Night.**

Chicago, March 25.—Dr. John A. Scott, professor of Greek, in Northwestern university, addressing one of his classes in defense of "burning the midnight oil," has declared the great scholars of today are not those who study in early morning, but those who study late into the night.

"In olden days," he said, "the Persians congregated at daybreak to pursue their studies, but nowadays the great scholars pore over their books at night. In the morning one's eyes are not clear, his head is still numb from sleep and he is in no condition for mental work. Because of the lack of illuminating facilities, the ancients were obliged to study in the early morning before beginning the day's work, but today our greatest students do their best work after the sunlight has faded away. That is the best opportunity for mental improvement, and although I would not urge any of you to refrain from rising early, I would urge you to do your studying at night."

**Large Mortgage Foreclosure.**

Trenton, N. J., March 25.—The Manhattan Trust company today filed a bill in the court of chancery to foreclose a mortgage of $3,000,000 on the property of the Standard Rope and Twine company, which is now in the hands of receivers. The receivers are made party defendants. It is set out in the bill that on the same day that the mortgage was given to the Manhattan Trust company, another mortgage for $7,500,000, was given to the Central Trust company. The Manhattan Trust company claims that its mortgage takes priority of lien over the mortgage given to the Central Trust company. These mortgages were given to guarantee the outstanding bonds of the company.

**Deserter Loses Citizenship.**

Washington, March 25.—President Roosevelt has approved the sentence of the courtmartial inflicted upon Midshipman Arrowood, of North Carolina, recently tried for desertion from the navy. The sentence carries with it dismissal from the navy, and the law bearing upon the case provides that a man so dismissed shall not hereafter be eligible to any of the rights of citizenship.

**"Jim Crow" Law Sustained.**

Annapolis, Md., March 24.—In an opinion delivered in the court of appeals held that Maryland's "Jim Crow" law requiring steam railways in the state to furnish seperate compartments for white and negro passengers is valid so far as it affects commerce within the state, but invalid as to interstate passengers.

**Alabama Negro Hanged.**

Nashville, Tenn., March 25.—A dispatch to the Banner from Montgomery, Ala., says that George Calhoun, a negro, was hanged there today for the murder of his wife. He acknowledge his guilt and died without a struggle. The killing was a most brutal one.

## VENEZUELA DEFIES THE UNITED STATES

### Castro Has Flatly Refused To Arbitrate Pending Issue.

NO ACTION TAKEN AT PRESENT

**The Administration Will Await Developments Before Anything Is Done. San Domingo Affairs Discussed at Cabinet Meeting.**

Washington, March 25.—Minister Bowen cables the state department today from Caracas that President Castro had flatly refused to arbitrate the pending issues between Venezuela and the United States.

The administration will take no action in regard to the reply which President Castro, of Venezuela made to Minister Bowen. The matter was fully discussed at the cabinet meeting today and it was determined to allow the matter to await developments. The situation is considered such as not to necessarily interfere with the department of the president on his southwestern trip.

The cabinet today discussed the situation in Santo Domingo and it was the general opinion that nothing there warrants any change in the present method of proceedure.

The agent of the United States government will take an investigation for the purpose of obtaining the information asked for by the senate.

It was said at the conclusion of the cabinet meeting today that President Roosevelt has apointed A. S. VanValkenburgh, United States district attorney for the western district of Missouri. The appointment was made on the recommendation of Senator-elect Warner, in sucession to himself as district attorney.

Mr. Van Valkeburgh was Mr. Warner's associate.

### DR. CHADWICK TO PLAY ORGAN.

**Will Receive $100 Per Week to Manipulate Wife's Instrument.**

New York, March 25.—Dr. Chadwick, husband of Mrs. Cassie L. Chadwick, recently convicted of conspiracy, is soon to come to New York in the capacity of organist for Abraham G. Nelson, half-brother of the late Mrs. Charles L. Fair, who purchased all the belongings in the Chadwick handsome home on Euclid avenue, Cleveland.

Included in the lot was a magnificent organ, for which Mr. Chadwick paid $9,000, and which Nelson will bring to New York and place on exhibition.

Dr. Chadwick is a skilled instrumentalist, and has agreed, for a salary of $100 per week, to play this organ as long as it remains on view. Nelson left last night for Cleveland to arrange for the removal of the goods for which he paid $25,200 in all.

### AGED MEN GUILTY OF MURDER.

**Jury Recommend Mercy and He Goes To the Penitentiary for Life.**

Fayetteville, Ga., March 25.—Stephen D. Renfroe was found guilty of murder and recommended to the mercy of the court, which means life imprisonment.

An appeal for a new trial was entered by his attorneys.

Colonel Renfroe was charged with killing his daughter-in-law as a result of a dispute over a cabbage patch.

The entire day was consumed with the introduction of evidence and the arguments of counsel.

Colonel Renfroe, who is about 70 years of age, reclined on an improvised bed in the court room most of the time. He was made as comfortable as possible on a bench.

**Chicago Has $145,000 Fire.**

Chicago, March 25.—Nearly 150,000 tons of ice and two buildings each 250x500 feet, have been lost by fire at One Hundred and Thirty-fourth street and Lake Calumet. The big storage houses held the winter's cut on the lake. The loss is $145,000. The buildings were the property of Swift & Co.

### LYONS PAY DEATH PENALTY.

**New Orleans Man Who Killed Prominent Attorney Is Hanged.**

New Orleans, March 25.—The crime for which Lewis W. Lyons was hanged here today was the assassination of District Attorney J. Ward Gurley on July 20, 1903. Mr. Gurley, who was a member of a prominent family, had been United States district attorney under President Cleveland and distinguished himself in the successful prosecution of bank wrecking cases. Lyons was the son of a former leading clothing merchant, but through dissipation had been much reduced in circumstances. One night during a carousal a sugar broker reported the loss of a valuable diamond pin. He had been in Lyons' company. Lyons was suspected, arrested and acquitted. The arrest preyed on his mind and he brought damage suits against the detectives and the broker. Gurley and Mellen were employed as his counsel. The case was first handled by Mellen and on Lyons' complaint Gurley himself took it up. Lyons was unsuccessful and conceived the idea that his lawers were responsible for his defeat. He made many threats against them and finally on July 20, 1903, locked himself up in a room with Mr. Gurley and killed him. He shot himself through the head but recovered. Lyons defense was insanity.

### FUNERAL OF MRS. STANFORD.

**Simple But Impressive Ceremonies Held Over Her Body.**

Stanford University, Cal., March 25.—The body of the late Mrs. Jane Stanford, who recently died at Honolulu now rest in the Stanford Mausoleum between the bodies of her husband and her son near the institution of learning that bears their name.

Before the final compliment of Mrs. Stanford's body to the stone sarcophagi simple ceremonies were held in the Memorial church erected in loving memory of her husband. The church was filled with thousands of people from all over the state who came to pay their respects.

Between 4,000 and 5,000 people followed the body from Memorial church to the mausoleum and all but two or three hundred of these represented a close interest in Mrs. Stanford and the university. Fifteen hundred undergraduates formed the main body of the column. In addition there was nearly 500 faculty members and as many alumnae. At the portal of the mausoleum, which was covered with flowers, the last rites were performed. These were brief and simple.

**Negro Pugilist Killed.**

Philadelphia, March 25.—John Hill, a negro pugilist, is in a dying condition at St. Agnes hospital here as the result of a six-round bout last night with "Kid" Dorsey, also a negro, at the Broadway Athletic club. In the sixth round of the bout, which had been hotly contested, Hill was knocked unconscious. It was at first supposed that he had only been knocked out, but when the usual remedies failed to revive him, he was hurried to the hospital. After 14 hours' treatment he is still unconscious. The proprietor of the club and seconds of both sides were arrested.

**Third Trial for Murderer.**

Jasper, Ala., March 25.—Henry Walker, a negro, charged with the murder of Mrs. Dickinson at Cordova two years ago, was again placed on trial for the offense. Walker has been sentenced to hang twice, but the decision has each time been overruled by the supreme court. Mrs. Dickinson was murdered in her bed one night, her head being split open with an ax. It was also thought that she had been assaulted.

**Several Injured in Wreck.**

Memphis, March 25.—Westbound passenger train No. 2 on the St. Louis and San Francisco railroad, collided with a car on the siding at Hickory Flat, near New Albany, Miss., early today and was wrecked. Several persons were badly bruised, but none seriously. The train was running at a high rate of speed when it dashed into the obstruction. The engine, tender and two coaches were derailed. Traffic will be delayed several hours.

## VICTIM OF TRANCE SUCCUMBS TO DEATH

### Young Woman Lived Fifteen Days In Comatose State.

MYSTIFIED MEDICAL SCIENCE

**Her Mother Is Slowly Dying of Same Affliction—Asphyxiation Is Supposed To Be Cause of Strange Malady. Case Attracted Much Attention.**

New York, March 25.—One of the most remarkable cases in the experience of the physicians of the Presbyterian hospital in this city ended today in the death of Miss Luella Huestis, of Mt. Vernon, who, with her mother, Mrs. James H. Huestis, had been in a trance for 15 days prior to her death.

More than two weeks ago both of the women were found unconscious in the home of Henry W. Heifer, a lawyer of this city, and was supposed to have been asphyxiated by gas. Neither had since recovered consciousness, and physicians were puzzled by their unaccountable coma.

Miss Huestis was an attractive young woman aged 22 years.

A singular fact is that the young woman's mother who lay in an adjoining room began to show signs of the approach of death soon after the death of her daughter. Like her daughter, the mother also is greatly emaciated, and the physicians at the hospital say that her low vitality is due principally to starvation. One specialist in hynotism and physiology, who investigated the case, has made public his conclusion that the two women had unconsciously hypnotised each other and that gas asphyxiation had nothing to do with the case. He explained that he had himself been hypnotised while hypnotising a patient and had only been awakened by the arousing of the subject.

The case of the two women has attracted the attention of scientists all over the country.

### TILDEN RESIDENCE SOLD.

**Splendid Mansion Sold to the National Art Club.**

New York, March 25.—The splendid mansion built by Governor Tilden in Twentieth street, overlooking Gramcery park, is soon to become the home of the national arts club.

Negotiations with the Tilden heirs have just been concluded but the price paid them was not made public. As a private house, the Tilden mansion came nearer to warranting the adjective "palatial" than any house of its time in New York. Its owner was a liberal entertainer and in his spacious rooms some of the most important social gatherings and political conferences of the period were held. It is still magnificent, and for club purposes is so well adapted that its new owners will not have to change a partition or make any important alterations. In its new home the club will have one of the most capacius and magnificent club houses occupied by any similar organization in the world.

**Jules Verne, Noted Author, Dead.**

Amiens, France, March 25.—Jules Verne, whose stories are known to children as well as adults the world over, died at 3:10 this afternoon. His family was at the bedside. M. Verne, who was advanced in years, had been ill for several weeks. He is perhaps best known to the present generation of readers and playgoers by his novel "Around the World in Eighty Days" which was successfully adapted to the American stage 20 years ago, and has been seen intermittingly since.

**Rear End Collision in Subway.**

New York, March 25.—Motorman James Daly seriously injured several persons were slightly hurt and traffic in the subway was blocked for half an hour during the rush hours early today as a result of a rear end collision of two trains at One Hundred and Sixteenth street. The accident is said to have resulted from a misunderstanding of signals by the motorman.

# SERIOUS ACCIDENT TO MICANOPY MAN

## D. W. Tompkins Fell Thirteen Feet and Sustained Injuries.

### UNCONSCIOUS FOR SOME TIME

**While Securing Feed for His Stock Stepped Backward Into Opening and Fell to the Floor Below—His Actual Condition Not Ascertained.**

A telephone message was received from Micanopy about 8 o'clock Thursday night so the effect that D. W. Tompkins, a livery man of that town, fell through an opening in the loft of his stable, a distance of about thirteen feet, and struck the floor on his side, sustaining a painful and probably serious injury. He was picked up in an unconscious condition, and remained so for some time. No particulars were learned, and the real extent of his injuries cannot be told.

Mr. Tompkins is one of Micanopy's most progressive and popular citizens, and this misfortune will be regretted.

The loft is used for the storage of feed for stock, and it was while securing feed for the stock that he stepped backward into the opening.

### A BIG GATHERING.

**Negro Baptists Will Hold State Convention Here in April.**

Editor Sun: Kindly allow me space in your paper to say on Tuesday, April 4, several hundred negro Baptists will visit our city.

The general negro Baptist State Convention will convene in the Mount Moriah Church, South Gainesville, Tuesday, the 4th, and continue until Sunday night, the 9th.

This may prove of material benefit to our city, especially the merchants.

Our pastor, Rev. H. M. Fleming, has proved himself very efficient in his church by putting in a nice pool and gallery and made his church several feet longer. We believe the Master is much pleased with the work in the church.

There will be ministers here representing about 60,000 negro Baptists of Florida, and don't be alarmed if you see about three or four hundred pass into our city. Just say its the negro Baptist General State Convention, met in Gainesville for the first time in its history, and if we negroes fail to take care of them along the grocery line we will call on our white friends to assist us, as they have in other cities. And the kind pastor, Rev. H. M. Fleming, will call on you.

In conclusion I ask our good, white Christian friends for their prayers for our success in His name.

JAMES A. JONES.

### THE LEG WAS AMPUTATED.

**Citizen of Waldo, Caught in Railroad Accident, Loses a Limb.**

Dr. J. Harrison Hodges went Thursday to Waldo, where he was summoned to amputate a leg of J. R. Wilkerson, one of the most widely known and most prominent residents of that town.

Some years ago Mr. Wilkerson had the misfortune to be in a railroad accident, his leg being sufficiently injured that he has not since had control of that member. The injury resulted in a deformity, and amputation was finally decided upon.

Friends of Mr. Wilkerson trust that he will stand the effects of the operation, and that he will soon be out again.

### A Prominent Visitor.

Among the prominent visitors to this city is C. W. Morse of Haverhill, Mass., president and one of the principal stockholders of the Gainesville Gas and Electric Power Company, who is here on business connected with the company. Mr. Morse left Boston Saturday, and states that the weather was delightful, being the warmest day of any period of the same date for thirty-three years. He came via New York, and states that the weather in that city is also fine. There was a heavy rain the day before his departure from that city, but the temperature was delightful. Mr. Morse expects to remain here for several days, as he has important matters to look after.

### Incredible Brutality.

It would have been incredible brutality if Charles F. Lemberger of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at all drug stores.

### FUNERAL OF MRS. ENDEL.

**Large Crowd of Sorrowing Relatives and Friends Paid Her Honor.**

A large number of relatives and friends of Mrs. Jacob M. Endel, who died at her home in this city Wednesday night, attended the funeral, which was held from the home on South University street at 11 o'clock Friday morning. The services were conducted by Rabbi Wittenburg of Jacksonville, and were very impressive. The interment was in the Jewish cemetery, Alachua avenue, and many followed the remains to their last resting place.

There were many floral decorations, the casket and grave being literally covered. This was evidence of the high esteem in which deceased was held by those who knew her.

### Forfeited Her Bond.

Mattie Parrish, a colored girl of sixteen summers, more or less, was arrested Thursday afternoon for fighting two boys, and was required to give a bond of $5 for her appearance at the mayor's court Saturday. The mayor and officers were ready, but the defendant did not honor the court with her presence, hence the bond was forfeited.

The complaint was made by two white boys with whom the difficulty occurred, both of whom stated that the girl "cussed" a white lady and they resented it, resulting in a fight.

### A Delightful Drive.

A jolly party of young folks participated in a delightful drive to Newnan's lake and other points Thursday evening. There were in the party about eight couples, which were chaperoned by Mr. and Mrs. Joseph A. Ettel. The evening was most delightfully spent, and those who participated will remember the occasion for a long time.

### The Spring Poet.

A fellow who was walking along on one of the shady streets of Gainesville a few days ago, was heard to murmur:

"I would not die in Spring-time
And miss the turnip greens,
The cooing of the little frogs
And the sky-larks' early screams;
When turkeys go a gobblin'
And taters 'gin to sprout;
When the mockin' bird is warblin',
I would not then peg out."

### Card of Thanks.

J. M. Endel and family and Mrs. C. Joseph desire to extend their sincere thanks and gratification for the many kindnesses shown by friends during their recent hours of bereavement. These courtesies are tokens of affection, and the family begs to assure their friends that they will ever be remembered.

### Cured Consumption.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and $1. Sold by W. M. Johnson.

## DO YOU GET UP WITH A LAME BACK?

**Kidney Trouble Makes You Miserable.**

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## Orange Trees in Full Bloom and Truck Farms Are Pro[illegible]ic.

### THE COUNTRY IS PROSPERING

Truckers in Southern Alachua Are Shipping Products and Receiving Good Prices—First Shipment of Peas From Johnson Farm Thursday.

The East Florida Telephone Company continues to extend its lines, and within a short time the territory within a radius of fifty miles will be thoroughly covered, if the present rate of building is continued.

Chas. C. Voyle, construction manager of the company, has been working on a line from McIntosh to Orange Lake for the past three or four days, and in conversation with him over the 'phone from McIntosh Thursday, he stated that the line would be completed to Orange Lake today.

The system is absolutely perfect, and a conversation between the most distant points so far reached can be heard as distinctly as if the persons were talking in the same room.

Mr. Voyle states that the orange trees about McIntosh are putting on full bloom, consequently the growers are happy, as a big crop is anticipated next season. The truckers are also happy, as the crops are looking fine, and promise a prolific yield. The growers are shipping cabbage, which are bringing good prices in the Northern markets.

#### First Shipment Peas.

Through the courtesy of Manager E. E. Voyle The Sun man called up Dr. W. C. Johnson of Micanopy. Judging from the tone of the Doctor's voice he was in excellent spirits, as well he might be, since he stated that he had shipped from his excellent truck farm the first consignment of English peas, which he declared were very fine. The Doctor owns one of the most prolific truck farms in the county. Among other things he has four acres in peas, two and a half acres in bell peppers, a large acreage in cabbage, lettuce, okra, etc. The lettuce from his field, unprotected, which was recently shipped to New York, sold in that market Wednesday at $4 50 per basket. All crops are looking fine, and Dr. Johnson states that his orange trees are literally covered with bloom. The prospects are that the yield from his grove next season will be the heaviest it has ever been.

The system now given by the East Florida Telephone Company is a great mutual advantage to all who are included in its territory.

#### Startling Mortality.

Statistics show startling mortality from appendicitis and peritonitis. To prevent and cure these awful diseases there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, 14 Custom House Place, Chicago, says: "They have no equal for constipation and biliousness." 25c at druggists.

### MRS. HUNTER WILL COME.

#### Rumored That She Will be Assistant in Gainesville School Next Term.

It is a source of much pleasure to learn that Mrs. Edith Hunter, for some time one of Alachua county's most efficient teachers, but who is now employed at Jensen, on the East Coast, will be assistant principal in the Gainesville Graded and High School next term, having consented to succeed Miss Olem Hampton, now in the office of State Superintendent Holloway at Tallahassee.

Mrs. Hunter is well and favorably known throughout Alachua county. As an instructor she is second to none, holding a first-grade certificate. In her work as a teacher in this county she has always given most perfect satisfaction, and those who know her will be pleased at the information that she may return.

Mrs. Hunter was principal of the Hawthorn school, one of the largest and most important in the county, last season. As assistant in the largest school in the county she is bound to make a success.

This information is not official, but comes from a reliable source.

### THE NEWS FROM ALACHUA.

#### Complimentary Dinner to Popular Young People—Personal Notes.

Alachua, March 24.—Miss Mary Hawkins has returned from a visit to Gainesville.

Mrs. R. T. Frederick of Newberry is in the city today.

Dr. Bell's advertising corps are here this week, and are giving pleasing entertainments each night.

Material is being placed on the ground for an addition to the residence of R. A. Turner. When completed this will be one of the handsomest homes in this place. Contractor E. E. Bell will do the work.

The residence of J. Frazor is being treated to a coat of paint.

A big dinner was given in honor of Mr. and Mrs. S. C. Dell, who were married at Melrose on the 15th inst., at the home of the former's parents at Traxler. Those receiving invitations had a royal time.

The A. C. L. work train was here this week and the carpenters helped the looks of things around the depot and other buildings wonderfully.

Miss Mattie Turner entertained a few of her young friends Saturday in celebration of her tenth birthday. Mattie is an ideal hostess, and all had a good time.

Miss Kate Dell of Traxler is visiting friends and relatives here this week.

The Knights of Pythias will entertain tonight with a big speech complimentary to the ladies. A good many out-of-town visitors are expected, and the K. of P.'s know how to entertain, and they delight in doing all they can. Covers will be laid for eighty guests

#### A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the council." This remedy is for sale by all druggists.

#### A Jolly Party.

A select party, comprising Messrs. H. B. Arnold, Robert McKinstry, R. E. Hill and Harry Tench, and Misses Bettie and Carrie Miller and Bessie King, took advantage of the beautiful moonlight night and participated in a drag ride to Newnan's Lake Wednesday evening. The party was chaperoned to Mrs. A. R. VanDeventer.

The night was calm and beautiful, and on the romantic shores of the lake a fine picnic lunch, which had been prepared by the ladies, was served. The occasion passed off very pleasantly, and will be long remembered by the little party who participated.

#### Invaluable for Rheumatism.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1902, John C. Degnan, Kinsman, Ill. 25c, 50c and $1. Sold by W. M. Johnson.

### ONE FOR STETSON.

#### East Florida Loses to Stetson Ball Tossers—Good Game.

The heavy rain at noon did not dampen the enthusiasm of the lovers of baseball to any great extent, and when the hour arrived for the game between the Stetson University nine and the East Florida Seminary team on the diamond, there was a very complimentary crowd present to witness the contest.

The field was quite wet, and when the ball struck the grass it soon become very slippery, and it was hard to field, although the score showed a very good game.

The Seminary boys were first to bat and got a man as far as third, the Stetsons also securing a goose egg.

In the second inning the Seminary team got a run on a bad throw to the home plate, Stetson getting another zero mark.

In the third and fourth innings both teams played fast ball, and not a player got home.

The fifth inning proved a bad one for the Sems, who failed to make a run, but the boys from the South got in three on account of errors of the home team.

The Seminary boys made a rally in the sixth, scoring one and shutting out the visitors, but in the seventh the run-getting was reversed threefold, Stetson marking up three runs on hits and clever playing. This ended the scoring, the eighth and ninth resulting in blanks for the home boys, Stetson not needing their half of the ninth.

The score by innings:

| | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| E. F. S.— | 0 | 1 | 0 | 0 | 0 | 1 | 0 | 0 | 0—2 |
| Stetson.— | 0 | 0 | 0 | 0 | 3 | 0 | 3 | 0 | x—6 |

Struck out by Harmon 8, by Pelot 3. Double play—By Stetson, Pelot, Pounds and E. Mickle.

Umpire—Harvey Hutchinson.

The Line-Up.

| E. F. S. | | Stetson. |
|---|---|---|
| Jacobie | c | Campbell |
| Harmon | p | Pelot |
| Carpenter | 1b | Mickle E. |
| Gasque | 2b | Pounds |
| Taylor | 3b | Mickle W. |
| Graham | ss | Bott |
| Boulware | rf | Francis |
| Coombs | cf | Tilden |
| Thomas | lf | Broodwell |

Pick-Ups.

Francis did good work in right field for Stetson.

Taylor, as usual, showed up well at third. He's all right.

Harmon pitched a good game and will be in the game all the time.

Jacobie and Campbell made several star catches in the foul line during the game.

Harvey Hutchinson was fair in his decisions, and there was little fault found.

The Stetson boys are a very clever baseball aggregation, and show up well on or off the diamond.

It was painful to see the orange and black "drag" in the dust, but we hope for today.

#### For an Impaired Appetite.

Loss of appetite always results from faulty digestion. All that is needed is a few doses of Chamberlain's Stomach and Liver Tablets. They will invigorate the stomach, strengthen the digestion and give you an appetite like a wolf. These tablets also act as a gentle laxative. For sale by all druggists.

#### Doig Gets Tony.

Manager George Doig of the Electric Light & Power Company is a fellow full of ambition. He is always alert to something new (even a meter), and through his energetic methods and first-class service, has managed to work up a fine service and a fine trade.

But Manager Doig is never satisfied, which is to his credit. He is continually looking for business—and is continually getting it. He is a shrewd advertiser, and in addition to his regular course a few days ago installed a magnificent illuminated sign, mention of which appeared in The Sun. Notwithstanding that the sign was one of the most attractive ever seen in the South, George was not satisfied until he installed red and blue lights in the first letters of each word. This demonstrated loyalty to his country—red, white and blue, and at the same time accomplished its purpose by making a more elaborate effect. This was Mr. Doig's own idea, and it was a good one.

#### A Safe Cough Medicine for Children.

In buying a cough medicine for children never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it and relief is always sure to follow. It is especially valuable for colds, croup and whooping cough. For sale by all druggists.

# ECZEMA A FLESH FIRE

Those afflicted with Eczema know more than can be told of the suffering imposed by this "flesh fire." It usually begins with a slight redness of the skin, which gradually spreads, followed by blisters and pustules discharging a thin, sticky fluid that dries and scales off, leaving an inflamed surface, and at times the itching and burning are almost unbearable. While any part of the body is liable to be attacked, the hands, feet, back, arms, face and legs are the parts most often afflicted. The cause of Eczema is a too acid condition of the blood. The circulation becomes loaded with fiery, acid poisons that are forced through the glands and pores of the skin which set the flesh aflame. Since the cause of the disease is in the blood it is a waste of time to try to cure it with local applications; the cause must be removed before a cure can be effected. S. S. S. has no equal as a remedy for Eczema; it enters the blood and forces out the poison through the natural channels, and builds up the entire system. The skin becomes smooth and soft again, and the Eczema is cured. Cases that have persistently refused to be cured under the ordinary treatment yield to its purifying, cooling effect on the blood. Book on Skin Diseases and any advice wished, without charge.

Eczema made its appearance on my left limb the size of my thumb in 1893, and spread until it was large as my hand, burning, itching and paining me, and for which I could get no relief, until seeing the other cures advertised by you I wrote and secured the advise of your physicians, commenced S. S. S. and it cured me.

## COLORADO'S SHAME.

The people of Colorado certainly cannot expect to be congratulated, but rather commiserated on the late development in the gubernatorial muddle. The ousting of Governor Adams by the assembly, the seating of Governor Peabody, his resignation and the swearing-in of Lieutenant-Governor McDonald as governor, as planned to defeat the will of the people, gave the State the worst phase of a political scheme known for years.

The action of the Republican Legislature in ousting Governor Adams, who, on the face of the returns, was elected by a majority of more than 10,000, and the seating of Governor Peabody, even with the expressed determination of the latter to resign as soon as he should have been inducted into office, appears to have been high-handed in the extreme. It was proven that Governor Adams had a handsome majority, but the election was thrown aside by the Legislature.

Colorado politics have been in a condition that no doubt needed cleansing for several years. Corporate greed has dominated affairs to an extent that has driven the people to desperation, and there is no denying the popular favor shown to Governor Adams. As matters now stand, a Republican who was elected to the second place on the ticket has been given the first through the manipulations of the judiciary and the action of the Legislature. Whether he will be able to restore order in the commonwealth remains to be seen, but there should be an awakening to put an end to such barefaced rascality in the interest of corporations, to the detriment of all other legitimate business.

In his address to the people Governor Adams said: "I would rather stand in the hearts of the people as I am today, than to stand under the capital dome of any State of the United States as chief executive."

## JUDGE LIDDON VINDICATED.

The following from The Daily Capital, Tallahassee, of Wednesday, March 22, is self-explanatory:

"The charges brought by certain members of the Marianna bar against former Chief Justice Benjamin S. Liddon of the Florida Supreme Court in disbarment proceedings before Judge Charles B. Parkhill of the first judicial circuit, have fallen flat. The evidence has now all been heard by Judge Parkhill, and most of the charges have been summarily dismissed. The opinion seems to be widespread that the remaining specifications will take the same course.

"The most serious of the charges against Judge Liddon, that of attempting to bribe Senator C. L. Wilson of the Legislature of 1901, resulted in a verdict of 'not guilty,' on request of State's Attorney Kehoe himself, who was conducting the prosecution.

When Senator Wilson was put on the stand he stated unequivocally that no such attempt had been made. Judge Liddon, he said, had talked with him relative to the constitutionality of a bill and had told him that he did not think the bill ought to pass, but no money or other consideration had been offered.

"At the conclusion of Senator Wilson's testimony State's Attorney Kehoe asked that a verdict of not guilty on this charge be entered, and this was so ordered by Judge Parkhill."

The other charges have been considered baseless, and it is stated that they are not considered disbarable, and the case will no doubt be dropped.

## GAINESVILLE IN SPRING.

You hear those who are sojourning in the city making complimentary remarks about the fine appearance of Gainesville this spring, and although there is more or less rubbish where new buildings are going up and street improvements are being made, the shade of the wide-spreading oaks and the various ornamental trees that are now putting on their spring attire, make the city have the appearance of a beautiful park and cannot help but catch the eye of the casual observer.

The residences are also very attractive, nearly all of them being kept in good repair and brightened up with paint, giving the whole city an air of prosperity that you will seldom find so universal.

But there is always room for improvement, and there are many spots that will be beautified, streets built and new sidewalks added, all combining to make Gainesville one of the healthiest and pleasantest cities of the South.

Every year Gainesville will grow better, and we will never tire of singing her praises, no more than a good Methodist would of singing "Praise God from Whom All Blessings Flow."

## STATE PRESS MEETING.

The twenty-sixth annual meeting of the Florida Press Association was held in Lake City this week, the sessions closing last night, and it is needless to say that they had a good time, for Secretary Appleyard would not have allowed it to be otherwise.

There were upwards of fifty members present, and Senator Gilfen delivered a most cordial address of welcome, to which President McBeath responded in his usually scholarly manner. There was a complete program arranged for all the sessions, and every number was worthy of the able members of the association.

These meetings are of much interest to the fraternity, and whatever is of good to the newspapers, is also a benefit to the State, as the papers help much to build up the good of the commonwealth when capably handled.

The following officers were elected for the ensuing year: President, Geo. W. Wilson, editor of The Jacksonville Times-Union; Vice-President, C. L. Bittinger of The Ocala Star; Secretary, Thos. J. Appleyard of The Index, Lake City; Treasurer, J. W. White of The Fraternal Record, Jacksonville.

The next meeting will be held at Ocala.

## SPRINGS FOR GROWING WATER CRESS.

One of the minor but still locally important industries of the country that depend for success upon the availability of underground waters emerging from the earth in the form of springs is the cultivation of water cress for the New York markets. To be available for this use springs must be free from iron and must have a volume of more than 2,000 gallons a minute. Heretofore springs within a few hundred miles of New York have been almost the only ones utilized, but the recent severe winter has emphasized the necessity of discovering new springs in regions where they are not likely to freeze during the winter.

In connection with its investigation of the underground waters of the country the division of hydrology of the United States Geological Survey has collected data relating to large springs in the States of Georgia and Florida, which have been compiled into tables by Messrs. M. L. Fuller, S. W. McCallie and others, and published in a recent Water Supply Paper entitled "Contributions to the Hydrology of the Eastern United States, 1903." The tables include facts relating to the location, ownership, supply per minute, temperature, improvements, and uses of the springs, as well as analysis of their waters, affording just such information as is required by prospective investors and others interested in the development of springs. Several of the springs of Georgia and Florida, including some of the largest in the United States, have been accurately measured by Mr. B. M. Hall, and the results are included in the report mentioned, which may be obtained free of charge on application to the director of the United States Geological Survey.

The Isthmian Canal Commission, composed of distinguished civil engineers and an admiral and a general appointed with high salaries, perquisites, honors and responsibilities less than a year ago and commissioned by the President, are now all to be retired. They have failed. Multi-headed commissions for a work like that must ever fail. The chief men, Admiral Walker and General Davis, no doubt excellent men in their way and once able and energetic men, are at least twenty-two years past the Osler age of usefulness. Engineer Wallace is to be appointed to do the work. He is young, energetic and above all has done similar work on the canal connecting Lake Michigan with the Mississippi, a work in magnitude scarcely second to that of Panama. The country, it is thought will hear from him and his hundred steam shovels in the next twelve months.

With the approach of spring the price of coal will be reduced fifty cents per ton, but the ice dealer will even up matters so that the householder will not gain anything.

The naval stores factors and operators representing the industry in Florida, Georgia and Alabama met in Jacksonville Thursday, three hundred being present, and organized the Naval Stores Export Company, with one million dollars capital stock, sixty per cent of which will be subscribed by the operators. The company was organized to protect Jacksonville and other Florida ports, which have been closed markets on account of the refusal of exporters to accept goods at Florida ports at Savannah prices.

The Dodge will case at Jacksonville has been settled, in which the attempt to break the will of the late Mrs. Abbie R. Dodge, who died a year ago, has failed, Judge Phillips sustaining the document as probated. There was $200,000 in property and most of it was willed to Rev. A. M. MacDonald, former pastor of the Union Congregational Church, of which church deceased was a member. The case will be appealed.

The Savannah News learns that a new town on new lines is to be established in New Jersey. In it there is to be no smoking, no chewing of tobacco, no drinking of wine, beer, whiskey or other liquor containing alcohol, no cross words, no divorce court—in short it is designed to be a kind of earthly paradise. Guess there must be some mistake in the location. Isn't it New Jerusalem instead of New Jersey?

If the city of Tampa can only get that hotel property thoroughly disposed of, to the satisfaction of papers and knockers of that city, guess they will devote their attention to some other means of speculation. The city would be all right on the deal if it were not for the fact that those who were not in it are now kicking.

Midshipman Arrowood, who deserted from the navy because he could not be a Christian and hold his job, has been dishonorably dismissed and deprived of his citizenship rights by a courtmartial, which has been approved by the President. He has nothing left but to go to New Jersey.

Buffalo Bill has got to endure the hardships of his unhappy married life a while longer, the judge having denied him a divorce from the cruel sharer of his joys and sorrows, who used to sit up nights to have a hot or cold toddy ready for him on his return, whichever the weather might demand.

This country received seven thousand more immigrants this year than last. And still we hear the cry that every family must have three and one-half children to maintain the population at its present numbers.

Uncle Sam was recently handed a check for $12,000, which some sinner who had repented had defrauded the government out of long ago. Wish he owed an account at this office.

# CHAIRMAN DAMPIER ON ROAD QUESTION

## Wants Good Roads, But They Must Not Cost Too Much.

### HE BELIEVES IN TRAM ROAD

**If the County Wants Roads of Flint, Let a Tramway be Built to the Quarries, the Rock Crushed There and be Distributed With One Handling.**

Hon. John G. Dampier of Hague, chairman of the Board of County Commissioners, was among the prominent visitors from the country to Gainesville Saturday.

Mr. Dampier has served the Board of County Commissioners faithfully for several years, and at the beginning of the present year was honored by election of chairman of the board. He is a most conservative man, always exercising his judgment in a way which he believes is in the interest of the people. While he is progressive along all lines, he does not believe in squandering the county's money with indiscretion, and goes carefully into every subject before casting his vote.

Mr. Dampier is a firm advocate of good roads, but does not believe in extravagance. He believes in using more discretion and less money in the construction of roads, at the same time avowing that the best material obtainable should be employed.

"There is not a man in the county who believes any more in good roads than I do," said Commissioner Dampier. "I can appreciate them even more than some others, since I am living in the country and have to travel a great deal. I believe in a good flint road, since we have the material right in our own county, but I do not believe in hauling this material by mule team, crushing the rock and hauling it again to the spot where it is to be used.

**Favors Tram Road.**

"I believe the proper way to build roads is to run the crusher at the quarry, load the material onto flat cars and pull it to the place where roads are building, dumping it directly on the spot. If we are going to build good roads in Alachua county, and I am aware of the fact that we need them, let us go at it right; let us purchase a narrow guage locomotive and a few miles of light rail, and by this means we can build from the pit and haul five or six carloads of material at one load. This thing of hauling the rock from the quarry to the crusher, crushing the stone and then hauling it back to the road is too expensive, and if we are going to build roads we must get down to a more economical basis, for we have a great many miles to build."

Mr. Dampier has the right idea. The proper course to pursue, if the county can raise the money, is to purchase a light locomotive and a few miles of light iron and build from the quarry to the point where road is in construction. The rock should be deposited from the quarry into the crusher, which will save two handlings and greatly decrease the expense of road-building.

The Good Roads Machinery Company has made the commissioners an informal proposition for the purchase of the machinery now in use here by the government, but no action is taken, nor can any be taken until the next meeting of the board, which will be held the first Tuesday in April. The county already has a traction engine and other road machinery, and it is doubtful whether any action will be taken. However, it is stated that a horse-roller is badly needed, and it may be possible that the county will purchase the big roller which has been used here.

**A Close Call.**

Quite an exciting time was had at Wilson's dry goods store early Saturday evening. On lighting one of the gas jets the wind blew some of the light fabrics into the blaze, and in an instant the blaze shot up quite high. One of the clerks, in trying to extinguish the flames, threw the fire into another piece, and it looked as if an alarm would have to be sounded. However, when the force got to work the fire was put out with but slight damage. But it took quick work and it was certainly a close call.

**North Gainesville Picnic.**

A number of the young people of North Gainesville, bent on having a good time, participated in a picnic to Hogtown creek yesterday, which was the first event of the kind of the season from that thriving borg. About ten couples participated. An elegant lunch, which had been prepared for the occasion, was spread, and the young folks spent the day reveling in the happiness of a spring day.

## EN PASSANTE.

**Items That Come Into Notice of Casual Observer.**

"I saw a man pouring out a lot of brine into the gutter on Union street, a few days ago," said an observer to The Sun, "and I thought then that if all the merchants around the public square would do the same thing, we would have a loud odor about the city when the warm weather got the pot to boiling. Such filthy practice should be stopped before the thing becomes too common. If we all would unite in trying to keep the streets clean, we might have a handsome looking square and a healthy city in every respect. There are a few other things that the health officer should look up before it is too late."

A gentleman who enjoys good cooking and is very fond of Boston baked beans, was invited out a short time ago where this favorite dish was served in a style to tempt the most dainty epicure. To make the repast more palatable, he had a very good appetite that was brought on by a hard day's work, and he partook with a relish that would make a working man turn green with envy. During the night he was taken with agonizing pains in his internal organs and the next morning was hardly able to sit up from the effects of nausea. On being asked by a friend if he was sick he replied: "I feel worse than a man that has been trying to bull the pork and beans market both at the same time."

"I have found Florida a very delightful State to visit in," said a fellow at the breakfast table in a boarding house not one mile over a hundred from Gainesville, a few days ago; "but I must confess that this piece of beefsteak beats me," and he turned over a modest steak on a side dish. "I ordered steak and I am sure it has not been cooked over two minutes, and it comes on the table cold. I have seen many fancy dishes and odd things about the culinary of hotels and boarding houses, but this is the first time I ever saw a beefsteak cooked without even warming it."

A gentleman and lady came into the dining room for breakfast at one of the high-up hotels a short time ago, said a friend the other day, and as they appeared very pleasant, and, as the waiter thought, a trifle shy, he got a wrong impression of the man of the family. They were at a table for two, and as the gentleman gave his order first the waiter said: "Two orders?" "Two order, no!" spoke up the man quickly. "This is no dovey and pidgy party, and we have been married long enough so that I know better than to butt in on her plans for breakfast. You consult her as to what she wants and she'll let you know that her digestion is the best ever."

## TOM M'BEATH'S PRESENT.

**Was Presented With a Handsome Clock by Florida Press Association.**

Prof. T. F. McBeath returned yesterday from Lake City, where he went to attend the meeting of the Florida Press Association. Prof. McBeath closed his two-years' term as president of the association with this meeting, and in recognition of his efficient services the members presented him with a handsome clock. It was a genuine surprise and the smile had not left Tom's face when he arrived home. The meeting was one of the best ever held from a business point of view, and the entertainment accorded was enjoyed by all.

**Children Saw Mother Suicide.**

New York, March 25.—In the presence of her two children, a boy 13 years old, and a daughter 11 years old, Mrs. Elizabeth Beverly, of Jersey City, committed suicide by shooting herself in the heart. She had been ill for a long time and recently was operated upon for appendicitis. A friend who called asked how she was feeling. "I never felt better in my life," she answered. Then she pulled the revolver from under a pillow and fired the fatal shot.

# THEY MADE IT TWO STRAIGHT GAMES

## Stetson Won Two Fine Games From the Seminary.

### BOTH TEAMS PLAYED GOOD

**The Second Game Won After a Hard Fight—Good Pitching and Some Good Work in the Field—Stetson Has a Fine Team.**

The day was perfect for baseball and it was hoped the Seminary might fare better at the hands of Stetson, but a few changes in the line-up of the Seminary boys did not help matters. The crowd was not as large as the day before, but what it lacked in number was made up in enthusiasm. Play commenced at 2:45 p. m., and the chorus of the young ladies in the grand stand made up in volume what it lacked in harmony. In fact, it was a noisy crowd.

The Seminary boys were first at the bat. Jacobie was out at first by throw from third, Thomas got first on muff of his fly to center, going out on steal of second, and Carpenter failed to get one safe in center.

For Stetson Pounds hit to center for one and stole second and third, where he was caught off his base. Pelot hit safe to left and E. Mickle was out at first on short hit. W. Mickle and Broadwell got their bases on a walk, and Pelot was forced out at home plate. No runs.

In the second the Seminary batters, Boulware and Taylor, failed to get first; Gasque hit for a base and stole second, where he perished on Graham's out at first.

Campbell, for Stetson, went out on a hit to Taylor; Travis hit for a base and stole second, Tilden and Pounds walked, Pelot found the ozone and E. Mickle went out at first. No runs.

In the third the Seminary made a hard effort. Munch was out at first. Coombs hit for a base, Jacobie got first on a hit and forced Coombs to second. Thomas hit for fair and Carpenter was out at first.

Stetson opened with a fly by W. Mickle to center field, taken with ease. Broadwell failed to hit after three attempts, Campbell sent one to third and a wild throw to first gave him second. Botts made a two-spot and Campbell raced home, Irving finishing by a hit to the pitcher. One run for Stetson.

In the fourth Boulware, Taylor and Gasque made the Seminary's part of the inning quite brief, by a liner to the pitcher and the two last fanning.

Stetson sent up Tilden, who hit for a base, stole second and third, where he remained until Pounds went out on an infield fly and Pelot and E. Mickle flew to center. No run.

Inning five brought no hope for the home nine. Graham hit to short, who fumbled, Graham getting his base, but was caught stealing second. Munch and Jacobie were easy at first and Jacobie went down on a fly to right.

The 'Varsity boys came up smiling, and W. Mickle, Broadwell and Campbell all failed to get to first.

In the sixth the Seminary boys started out for blood. Thomas was out at first, but Carpenter lined out a clean two-bagger, stole third and came home with the first and only score on Boulware's two-baser (slight applause). Taylor and Gasque were easy.

Stetson, headed by Botts, got one run on hits by Botts and Travis, Tilden, Pounds and Pelot going down at first. One run.

In the seventh for the Seminary Graham flew to center, Munch and Coombs hitting the atmosphere.

Stetson came up smiling and the home boys fell down. We won't say how it happened, but timely hits and lively sprinting netted four runs.

In the eighth Jacobie and Thomas went out at first for the Sem, Carpenter made a hit, stole second and tried to get home on Boulware's hit and out, but failed.

Stetson went out in short order, and the inning ended with no runs.

The Seminary boys could not rally in the ninth and the game closed with their half, the game being won by Stetson, and it was good nearly all through. Following is the score by innings:

| | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | R | H |
|---|---|---|---|---|---|---|---|---|---|---|---|
| E. F. S— | 0 | 0 | 0 | 0 | 0 | 1 | 0 | 0 | 0 | 1 | 5 |
| Stetson— | 0 | 0 | 1 | 0 | 0 | 1 | 4 | 0 | x | 6 | 9 |

Batteries: Seminary—Coombs and Thomas; Stetson—E. Mickle and Campbell.

Struck out—By Mickle 8, by Coombs 4

Umpire—Harvey Hutchinson.

**Notes of the Games.**

The young ladies were so jealous they made Rome fairly howl.

"Spec" won the hearts of the girls because he would not quit when he was "so sick."

Now, honestly, wouldn't it jar you a little if you heard such a noise at any other place than on the grand stand?

## THE NEW DIRECTORY.

**Work Progressing Nicely—Other Towns May be Included.**

Work on the Gainesville directory is progressing nicely, and the people of Gainesville may expect something nice when the book is completed. The work will contain a hundred pages, more or less, and will be a complete encyclopedia of the city. If proper encouragement can be secured, it will also contain descriptive articles and a directory of a few of the leading towns of the county. Alachua, High Springs, Newberry, Micanopy, Waldo, Hawthorn and Archer are included in the list, and it is possible that a few pages will be devoted to each town. The directory will be bound in neat and substantial form, and will prove invaluable to the public as an agent of information.

## POLITICAL ANNOUNCEMENTS.

**For Marshal.**

To the Voters of Gainesville:

I hereby announce myself as a candidate for re-election to the office of marshal, subject to the action of the citizens of Gainesville at the coming municipal election. I leave my case in their hands. If I have discharged my duty as marshal in the past, I ask their indulgence and their votes in future. If they do not think I have discharged my duty, then it rests with them. I will appreciate support, however, and promise as long as in the office to show partiality to no one. Respectfully, CHAS. PISKOSON.

**For Marshal.**

To the Voters of Gainesville:

I hereby announce myself as a candidate for the office of marshal, subject to the action of the voters of Gainesville at the coming municipal election. Have always been a loyal Democrat, am always ready to render my aid and influence in support of right and justice, and if elected promise a fair and honest service, without fear or favor. Respectfully,

D. A. ROBERTSON.

**For Marshal.**

I hereby announce myself a candidate for the office of Marshal of the City of Gainesville, and solicit the support of all the voters of said city at the coming election of city officers.

If elected, I promise to give to all the people a vigorous and impartial exercise of the duties pertaining to that office. Respectfully,

RICHARD A. BECKER.

**Another Curiosity.**

Manager Joseph A. Ettel of the Brown House has added another curiosity to his museum in the form of a Spanish buzzard, which was shipped to him a few days ago from a friend in the Bermuda Islands.

This bird is very much like the American buzzard in form, and naturally possesses a buzzard's appetite, but it is much more beautiful, resembling more a peacock in color. It has a beautiful gold and red bill, and its plumage is grand.

Manager Ettel prizes this acquisition to his menagerie very highly, and is feeding his new property on "the fat of the land."

One of the most amusing as well as interesting features connected with this bird is the fact that the numerous other "specimens" which have been collected by Mr. Ettel seem to envy the presence of this buzzard in striking attire, and at once set upon the fowl with a determination to "do him up." One by one the buzzard is teaching them that he is something of scrapper himself, with the result that there are several sore heads in the menagerie.

## LEGAL ADVERTISEMENTS.

NOTICE FOR PUBLICATION.

U. S. Land Office at Gainesville, Fla., March 1, 1905.

Notice is hereby given that in compliance with the provisions of the Act of Congress of June 3, 1878, entitled "An Act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the public land States by Act of August 4, 1892, James W. Douglass of Grady, county of Lafayette, State of Florida, has this day filed in this office his sworn statement No. 131, for the purchase of the Lot 2 of Section No. 1, in Township No 7 S., Range No. 13 E., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before Register and Receiver at Gainesville, Florida, on Monday, the 8th day of May, 1905.

He names as witnesses: C. C. Hathcox, of Hatch Bend, Fla.; C. A. Howell of Hatch Bend, Fla.; E. D. Dedge of Grady, Fla.; J. H. Cribbs of Grady, Fla.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 8th day of May, 1905.

pd W. G. ROBINSON, Register.

PETITION FOR ELECTION.

To the Honorable Board of Public Instruction of Alachua County, Florida:

We, the undersigned taxpayers and voters residing in the territory described as follows: All of Sections 34, 35 and 36, Township 7, Range 15 East; also all of Sections 1, 2, 3, 4, 9, 10, 11 and 12, Township 9, Range 15 East; also all of Sections 19, 20, 21, 28, 29, 30, 31, 32 and 33, Township 8, Range 16 East; also all of Township 8, Range 15 East, except Sections 29, 30, 31 and 32, do most respectfully petition your honorable body to call an election to determine whether the above described territory shall become a Special Tax School District, for the purpose of levying and collecting a district school tax, for the exclusive use of public free schools within this district. Respectfully submitted.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of consumption, pneumonia, etc., you are lost if you do not get help from Dr. King's New Discovery for Consumption. J. W. McKinnon of Talladega Springs, Ala., writes: "I had been very ill with pneumonia, under the care of two doctors, but was getting no better, when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for bronchitis, coughs and colds. Guaranteed, at all drug stores. Price, 50c and $1. Trial bottle free.

GOOD POTATOES BRING FANCY PRICES

To grow a large crop of good potatoes, the soil must contain plenty of Potash.

Tomatoes, melons, cabbage, turnips, lettuce—in fact, all vegetables remove large quantities of Potash from the soil. Supply

# PROSPECTS GOOD FOR BIG CROP

## First Movement of Peas of Season Recorded Friday Afternoon.

### THREE SOLID CARLOADS

Of Peas and Lettuce Were Picked Up on Gainesville & Gulf, Consigned to Eastern Markets—Prices on All Products Are Good.

The movement of English peas from the territory traversed by the Gainesville & Gulf railroad has begun, the first shipments of the season having been made Friday.

H. E. Williams of the Gainesville & Gulf, E. C. Cobb of the Seaboard Air Line and J. P. Kennedy of the Armour Car Lines made a special trip down the Gainesville & Gulf to ascertain the condition of the crop Friday, and found matters in a most encouraging state. The crops are largely varied and promise a most prolific yield, and the growers as a rule are anticipating good returns.

Three solid carloads of lettuce and peas were picked up from points on the Gainesville & Gulf Friday. One car was delivered to the G. S. & F. railroad at Sampson City, consigned to New York, while the Seaboard received two carloads, destined to Eastern markets.

Inasmuch as this is the first shipment of peas, good prices are expected. Florida lettuce is bringing $4 and $4.50 per basket in the Northern markets now, and everything else in proportion.

Commencing the coming week the Gainesville & Gulf will inaugurate a special service, running extras on Mondays and Thursdays, in order to give the truckers better facilities for getting their products to market.

Gives Health, Vigor and Tone.

Herbine is a boon for sufferers from anaemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middlesborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50 cents. Sold by W. M. Johnson.

Lexington, Tenn., June 5, 1901.

This is to certify that about March last I suffered intensely with my back and kidneys. Just prior to this I had undergone treatment for bladder trouble and was relieved, except the treatment was followed by the above trouble. It was recommended that I try "Texas Wonder, Hall's Great Discovery." I took one dose on retiring at night, and to my agreeable astonishment, I found myself relieved. One dose did the work. There is no bosh about this. It is wonderful.

Respectfully,
C. R. SCOTT,
Proprietor Scott House, formerly county chief clerk, postmaster, etc.

## A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

C. W. Bauknight, one of the leading merchants of Archer, was in the city for a few hours yesterday. He was en route to Ocala, where he was summoned on business. Mr. Bauknight states that the farmers of his section are busy at this season either preparing land or planting crops, with the result that commercially Archer is rather quiet now.

After an absence of several months, the greater part of which time he spent at Hot Springs, Ark., Benj. K. Thrower has returned to his home in this city, and his friends are glad to see him. Mr. Thrower was a great sufferer from rheumatism, but the baths have completely cured him, and he will immediately resume his position as traveling salesman for the Baird Hardware Company.

He is en route to Cedar Key, where he proposes to spend a few days recuperating. The Doctor's friends here are glad to greet him again.

The reason that Easter Sunday is so late this year is because Easter is the Sunday following the first full moon after the vernal equinox, which this year fell on March 21 shortly after 2 a. m. The equinox following a day later than last year missed the full moon of the March 20 by about two hours, thus throwing Easter back until the Sunday following the full moon of April 19, or 20 days later than last year, Easter this year falling on April 23.

In compliance with an order from the railroad commission requiring all railroads doing business within the State of Florida to post conspicuously the time of arrival and departure of all trains, etc., the Atlantic Coast Line has just installed a large bulletin board at the passenger station. After recording the information required Ticket Agent Goodwin, with the originality which has made him famous, at the bottom adds in large letters, "If You Don't See What You Want Ask for It." A good idea.

Among the prominent county folks who visited Gainesville yesterday was F. M. Yearwood, member of the firm of Yearwood & McDonald, naval stores operators and manufacturers of lumber, Melrose and Orange Heights. This firm has distilling plants at Melrose and Orange Heights, also a saw mill at the latter place, and is enjoying a fine business. They have recently acquired 20,000 acres of fine timber land, which will be used for turpentine and saw mill purposes. They propose also to cultivate about 400 acres in staple crops the coming season.
